

TUNNEL UNDER BERING STRAIT

Dazzling Scheme to Connect the
United States With Russia by
an All-Rail Route.

LAND GRANTS ARE ASKED

COMPANY SAID TO BE FINAN-
CIALLY SOUND.

St. Petersburg, March 10.—A more favorable attitude is being taken here toward the dazzling scheme for a tunnel under Bering strait and an all-rail route from the United States to Europe. Baron Loeq de Lobel, representing the American Trans-Alaskan Siberian company, is again pressing the project vigorously, and has made considerable progress toward securing a desired concession from Russia. A distinct party of the government, which has the sympathy of Premier Witte, earnestly favors closer commercial relations between the United States and Russia, and this project appeals to it, not only as a method for accomplishing this end, but for developing the resources of Siberia.

Ask Big Concession.

The company, which believes the Siberian side is as rich in gold as the Alaskan side, offers to construct the tunnel and build a road 3,000 miles in length from East Cape to Kansk in the government of Yeniseisk, where it will join the Siberian railway, on condition that alternate sections of eight miles on either side of the line, together with the mining concessions covered be granted the company.

Reports concerning the engineering difficulties and the financial responsibility of the promoters, etc., have been submitted and were generally favorably received by the ministers. Emperor Nicholas has created a mixed commission before which Baron de Lobel will make a final argument March 15, and ask for eighteen months in which to complete arrangements, and ten years to finish the road. Should Russia for strategic reasons ask that the road instead of following the Lena river go directly eastward from Kansk to the point whence connection will be made with Khabarsk, involving a detour of 1,200 miles, the company is willing to accept this on condition that American materials be admitted free.

Generally speaking, the activity of Americans in the financial concessions has aroused the ire of the radical papers, which see therein an attempt on the part of the old bureaucracy to "sell" Russia to foreigners on the eve of the convocation of the duma.

Wendell Jackson's canal scheme to connect the Black and the Baltic seas, which is an old project, originally proposed for purely strategic reasons in order to enable Russia to move warships quickly to the sea fronts, is now a purely commercial scheme.

The depth of the canal is to be sixteen feet. Supplementary surveys Mr. Jackson has obtained the right to make give the preference in the matter of the contract for construction, but the government reserves the right to give the contract to Russians, in which case Mr. Jackson is to be indemnified in the sum of \$100,000.

DENIES CASH WAS PAID BACK

Attorney Ingebretsen Gives
Version of Company's Li-
tigation With Frost.

Salt Lake, Utah, March 10, 1906. To The Herald—My attention has been called to a statement made to one of your reporters by C. S. Price, and published in your newspaper on the morning of Monday, March 5, with respect to the reason for the dismissal of the suit of Isaac Frost vs. the Western Loan & Savings company. In view of the fact that I represented the defendant in this suit and had the interview with Mr. Price which resulted in its dismissal, and know all of the circumstances in connection with the suit and that led up to its dismissal, and believing that Mr. Price has done the company a grave injustice, at least with respect to one statement made by him, I ask you to kindly print my version of the matter.

The fact is that neither the defendant nor its attorney ever suggested a compromise of the suit referred to after its commencement, but about ten days ago the attorney for the plaintiff stated to me that for private reasons he did not care to press the suit further and desired to know whether I would comply with our contract with Mr. Frost by executing to him a deed if he would dismiss his suit. I told him we had always been ready to do this and had no reason for refusing to do so now. I consulted the defendant and was authorized to execute the deed and have the suit dismissed, which was done.

The point I particularly desire to emphasize is, that it is absolutely untrue that any officer or officers of the defendant company ever received \$4,000 or any amount whatever, illegally or dishonestly and no officer or officers were required to or ever did restore any money to the company for any reason and any statement made by Mr. Price reflecting in any degree upon the solvency of the company or the efficiency and honesty of its management is without shadow of foundation in fact, and to remove any doubt on this point I submit the following letter from the secretary of state:

"To Whom It May Concern—Pursuant to the duty imposed upon this office by the laws of the state of Utah, a recent examination has been made of the Western Loan & Savings company, as a result of which it is the opinion of this office that said company is operating under a safe and conservative plan in accordance with its charter, by-laws and the state laws. That it is being honestly, competently and economically managed and that it is now in good financial condition. Respectfully yours,

C. S. TINGEY,
"Secretary of State."

Thanking you in advance for giving this matter space in your paper, I remain, respectfully yours,
JAMES INGEBRETSEN.

ASKS STATE TO HELP OUT

Forestry Department Objects
to Stock Running at Large
in the Canyon.

Gifford Pinchot, head of the United States forestry department, has written to Governor Cutler requesting that the state co-operate with the government in preventing stock from running at large in the Big Cottonwood canyon. He points out that the government has established a forest nursery there, and that the running of stock at large will not only injure it but will pollute the stream from which Salt Lake will secure a water supply.

Mr. Pinchot asks that the state, which owns a township of land in that neighborhood, shall not lease the land again at the expiration of the present leases, or at least that the new leases shall specify that the lessees shall not use it for stock purposes. Governor Cutler has referred the letter to the state land board.

Mayor Ezra Thompson, on behalf of the city, has filed with the government a protest against the building of a reservoir by private parties within the forestry reserve district.

MAXWELL STILL FIGHTING

Accused Ohio Physician Will
Resist Second Attempt to
Extradite Him.

Dr. David P. Maxwell, wanted in Cleveland, O., on a charge of performing a criminal operation, who has been discharged twice on a writ of habeas corpus by Judge Armstrong, will make another effort tomorrow morning to prevent extradition. Amended requisition papers arrived from Ohio yesterday, but Brigham Clegg, Maxwell's attorney, asked Governor Cutler for a hearing before the executive should sign them, and the governor set the hearing for tomorrow morning at 9:30 o'clock.

It is said that the technical defects found by Judge Armstrong in the previous extradition papers do not exist in the new ones. The court held before that the indictment against Dr. Maxwell was not properly certified as having been returned by the grand jury and that, so long as Dr. Maxwell denied having been in Ohio on the day the alleged crime was committed, it was incumbent on the Ohio officers to present evidence that he was.

The copy of the indictment forwarded with the latest papers is duly certified, it is said. Moreover, the Ohio officers will probably present affidavits going to show that Maxwell was in the state when the offense was committed, which was December 28 last. Meanwhile Dr. Maxwell is being held in jail on a charge of trying to bribe one of the Ohio officers sent out here after him. That is an offense against the laws of Ohio; but, should the attempted extradition prove successful, it will doubtless be dismissed.

MARKETS WELL SUPPLIED

California Is Sending Quanti-
ties of Green Stuff to the
Local Dealers.

Abundant supplies of vegetables, fruits and fish were received yesterday by the local retail dealers. Trading was active in all the departments, and the delicacies offered by the dealers were sold out for today's dinner. The sale of fresh California crabs was heavy. The price asked was from 30 to 35 cents each. Chicken halibut, western red snappers and salmon were also to be had and the most were sold out.

The orange market is stiff. The heavy rains along the southern coast of California delayed the picking during the past week and only small consignments were shipped east. The wholesale price raised from \$3 to \$3.50 per crate, but the retail quotations were not affected. Lemons and bananas are plentiful and the retail price ranges from 30 to 40 cents per dozen. The crops are becoming short but in a few weeks new varieties will be on the market. California is sending quantities of cabbage, cauliflower, lettuce and greens daily to the local dealers. Cabbage and cauliflower are 5 cents a pound and lettuce is selling for 5 cents a bunch. Some fresh Utah hot-house lettuce was on the market yesterday and was readily disposed of.

Utah eggs are not in demand, but none are being shipped in at the present time. The retail dealers ask 25 and 30 cents, it is said. The Utah product. The wholesale dealers expect a drop in the prices in the course of a few days. Butter is in big demand. Creamery butter is retailed for 25 and 30 cents per pound. Ranch butter is scarce and but little of it is to be had. Dealers are asking 30 and 35 cents a pound for it.

PAINTS—KALSOMINE—STAINS.

We are showing a very large and complete line at popular prices.

"First Aid" to the Bowels

**DOCTOR
CASCARET**
Office - In your own
Vest Pocket.
On call any Minute - Day or Night

When Heartburn, Sour Stomach, Headache, Bad Breath, Coated Tongue, Belching of Stomach Gas, or any of these forerunners of indigestion appear, Old Dr. Cascaret wants to be right on the spot in your pocket.

He wants to check the coming trouble instantly before it can grow into a habit of the Bowels to be costly.

Ladies, who extend to Dr. Cascaret the hospitality of their Purse or their Dress Pockets, will be rewarded with a fine complexion, and healthy Happiness.

These will about fifty times repay for the trifling space occupied, and the ten cents per week at cost.

Dr. Cascaret guarantees to cure the most obstinate cases of Constipation and Indigestion, without discomfort or inconvenience.

His medicine does not gripe nor purge, nor create a drug habit. Because it is not a "Bile-driver," nor a Gastro-Juice Waster, but a direct Tonic to the Bowel Muscles.

It exercises naturally the muscles that line the walls of the Intestines and Bowels.

Want of Exercise weakens and relaxes these Bowel-Muscles, just as it weakens Arm and Leg muscles.

Old Dr. Cascaret goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake up a lazy person.

Then he works them (through the nerves) till they get so strong from that Exercise that they don't need any more help to do their duty.

But Dr. Cascaret wants to brighten the spot, in your Pocket or Purse, where he can regulate these Bowel-Muscles all the time, in health, and out of health.

Because, even the strongest Bowel-Muscles may be overworked.

Heavy dinners, late suppers, whiskey, wine, or beer drinking, nervous excitement, sudden exposure to cold or heat and a dozen other every day likelihoods tire the Bowel Muscles.

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Old Dr. Cascaret carried constantly in your Vest Pocket, or in "My Lady's" Purse is the cheapest kind of Health-Insurance, and Happiness - Promotion, that ever happened.

Little thin enamel Cascaret Box, half as thick as your watch, round-cornered, smooth-edged, and shaped so you don't notice its presence.

Contains six Candy tablets—Price Ten Cents a Box at any Druggist's.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD-PLATED BOWEL BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascaret, with which the BOWEL BOX is loaded. Send to-day, mentioning this paper, Address: Sterling Remedy Company, Chicago or New York.

A Convincing Experiment.

Dr. Sabouraud of the Pasteur Institute, Paris, France, inoculated a rabbit with human dandruff germs, and "in between five and six weeks," says the official report of the Pasteur Institute, "the rabbit was completely denuded, in fact it had become entirely bald."

This experiment proves that dandruff is a contagious disease due to the presence of a microbic growth in the sebaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped—by destroying the dandruff germ—that it will lead to falling hair and incurable baldness.

NEWBRO'S HERPICIDE

Is the ORIGINAL remedy that kills the dandruff germ, and its success in the treatment of dandruff, itching scalp and falling hair is oft times little short of marvelous. Send for booklet.

At Drug Stores. Send 10c in stamps to The Herpicide Co., Dept. N, Detroit, Mich., for a sample.
